

Week 11

*Chandler
Jewish
Playgroup*

November 12-16

Happy Birthday Juliana!

Announcements!

Don't forget there is no school next Thursday or Friday!

Please start sending jackets with your child as it is getting chilly outside- YAY!

We are trying to stay healthy during the cold/flu season by sanitizing our toys and table daily. We would appreciate if you could send in another container of disinfecting wipes!

This week we learned all about family! Yitzchak and Rivka had twin boys! It was very funny when they were in her belly because every time she passed people not being nice, her baby would kick; and every time she passed people studying Torah her baby would kick. She was very very confused! Finally the rabbi, Shem, told her that she was having twins- one would do lots of mitzvos and one would be involved in not such good things. Their names were Yaakov and Eisav. Yakov liked to study Torah and was very peaceful; while Eisav was covered in red hair and liked to hunt animals. Now we know the whole family tree starting with Avraham and Sarah and Yitzchak and Rivka. This week we made our own family trees- we never realized that our grandmas and grandpas are our parents' parents!

Back to the Parsha story, Yakov made a lentil soup that he shared with Eisav. We also made 'lentil soup' this week! We put in carrots, onions, peppers, and Juliana even added a peach! We also played a fun sensory game with the lentils, when we tried to find pennies that were hidden in the lentils- that was hard!

We also got to play with cool gel beads! When we opened them there were tiny little balls, and after we put them in

water, they slowly started growing and growing and after we woke up- they were big squishy gel balls! We had a lot of fun playing with these and getting our hands wet! These weeks letter was G! G for Great Globbs of Girly Glitter! We had a lot of fun putting glitter on our G and making a big glittery mess outside! We have had so many birthdays at Chandler Jewish Playgroup recently! We love all of the yummy treats and party hats that we get to wear! Happy birthday to Juliana and Toby! Check out the pictures to see all of the fun we had at the birthday parties.

Looking forward to next week as we learn all about being thankful!

Have a great Shabbos,
Morah Masha and Morah Miriam

The kids love having a mitzvah note to share with the class, they are always so proud of their accomplishments! Please try to send a mitzvah note with your child in the morning- it doesn't have to be anything major- listening nicely, helping their siblings, etc.
