

Week 2

*Chandler
Jewish
Playgroup*

Sept 4th -7th

Apples, Apples, and More Apples!

We'll be sending home
a letter each week,
For you to look at and
take a peak.

Where you keep it is up to you,
So that your child can review!

Dip the Apple, In the Honey! Make a Brocha Loud & Clear!

This was a great week at Chandler Jewish Playgroup! We started learning all about the upcoming holiday of Rosh Hashana. One of the best parts of the holiday is that we eat apples and honey! We got to eat some honey to see what it tasted like. Max thought it would taste “like cereal” while Chaya was expecting it to taste “like chocolate”! In the end we really loved how sweet it was- we are sure that if we keep eating honey throughout the holidays we will definitely have a sweet year! We measured ourselves with apples to see how tall we are. Chaya is the tallest- 16 apples tall, while Maliya and Toby are 15 and 14 apples tall. To measure each other we made a pattern out of the green and red apples, each time making a different pattern!

Tot Shabbat!

It was a really fun game and we learned so many different math skills too!
It is perfect that we learned all about apples because we started learning the letters of the alphabet this week- starting with A! A is for apples, airplanes, ants, and acorns- we loved walking along the A that is taped to the floor. Maliya taught us how to pivot when we get to the point of the A- thanks Maliya! We also learned about the letter Alef, which makes the same sounds as A!

Looking forward to another great week next week as we continue getting ready for Rosh Hashana!

Have a great weekend!
